Dear Parents,

We live in a world surrounded by technology. And we know that whatever field our students choose to go into as adults, their ability to succeed will increasingly hinge on understanding how technology works.

That’s why our schools are joining in on the largest learning event in history: The Hour of Code, during Computer Science Education Week (Dec. 7-13). Wilmington students will participate in Hour of Code with their classes and we’re inviting families to join the fun.

Parent/Child partner teams are invited to an Hour of Code evening event at the Wilmington High School Library on Wednesday, December 9th from 6:30-7:30 p.m. All K-5 families are invited and you can bring your own device or use a device provided by the District, or you can even choose to do an offline coding activity.

Sincerely,

Traci Jansen
Elementary Technology Integration Specialist
Wilmington Public Schools
